(Part-time and casual opportunities available)

ABOUT US

York Care Centre is a leading organization in Atlantic Canada providing senior lifestyle living options on a single campus nestled along a vibrant wetland ecosystem in Fredericton, New Brunswick. Our senior lifestyle living options include; a 218 bed modern long-term care facility, an assisted living facility housing 31 studio apartments and 72 independent living senior apartments. When it comes to aging care, we don't fit the traditional mold. We are constantly reinventing ourselves so that our residents and families have access to the best possible care, environment, and quality of life. And our sister company, the Centre for Innovation and Research in Aging (CIRA), partners with academics and innovators from across Canada to conduct research that advances aging solutions everywhere.

Our employees are equally important to us. That's why they have access to competitive wages, a benefits and pension program, a free onsite fitness centre, free parking, ongoing wellness initiatives, an annual scholarship program, a 'get inspired' social committee, and recognition events to celebrate important milestones. It doesn't matter what your role, everyone contributes to make the work we do meaningful and enjoyable.
